SEP. 2006 - JUN. 2011	**James Hornsby High School** **9 GCSEs including an A in Maths and B in English.**

TECHNICAL EXPERIENCE

Extensive	Java, C#, Python.
Familiarity	JS/HTML/CSS, SQL, RESTful APIs, MongoDB, Firebase. Experience with version control (git), Agile methodologies, and SDLC. Comfortable with common Linux distributions. Understanding of machine learning software such as Weka. Experience in developing android applications and an understanding of basic UX design. Experience gained across different IDE's such as Visual Studio, Eclipse, NetBeans. Experience in learning programming languages and frameworks in short time-periods due to the language-diversity of the different modules on my university course.

WORK EXPERIENCE

Oct. 2016 - Present	**Laindon Community Centre** - GENERAL ASSISTANT/BAR STAFF Primarily a customer-facing role, handling the needs of all customers. General reception, bar, and cellar work. Responsible for ensuring the centre is safely secured when it closes. Stock control.
2012 - 2014	**Hungry Horse, Four Seasons** - WAITING/BAR STAFF Working in a restaurant, waiting on tables, taking orders, serving drinks. Dealing with customer complaints. Versatile role; frequently switching between bar and restaurant. Independently resolving complaints within the establishment.
